Dear Bob –

Just a short personal note to thank you and your staff for the help and cooperation in developing the RAPT Programs. While the number of people who had the opportunity to experience the training still remains far fewer than I had either wanted or anticipated, the results achieved are very positive. I get frequent inquiries on the probability of either some advanced training or the potential for new courses. There is still a lot of interest. I continue to be hopeful that a more liberal view will be taken ... BUT... one can only wait and see. New intellectual notions take time and patience. Meanwhile, you have touched a few in a meaningful way.

My best to you and your staff for a job well done. Hope to see more of you now that I'm retired.

Sincerely —
Bert
